On Monday last the streets of our little town were nearly blockaded by the grangers. Being no granger myself, i don't know for what purpose the meeting was beid! They say they are going to establish a large manufacturing shop here, and build their own reapers, plows, wagons, threshing machines, &c., which we think will be a good thing for our county.

Our town is still improving. Asbury & Smith are building themselves another store-house. They cannot do their businessin one house. Old "Uncle" Harry Hockensmith removed his family from Berlin last week. One more beautiful belle to be counted in our number, who will be very highly appreciated. The store of E. Fasse & Hockensmith is in full blast; they are doing a heavy business. Mr. Fasse is also engaged in the wheat and corn trade.

stand.

There have been about 170 car loads of wheat shipped from this place since harvest, and a good deal more remains to ship yet. We have but two men here now dealing in grain—E. Passe and H. H. Melnershageu—who invite all that have grain to sell to give them a call. They are bidding against each other quite lively. The roads have been very bad for the past month. The farmers say they cannot haul their wheat to market.

The City Hotel did a good business Monday and to fact all week. Mrs. Vivion sets as excellent table.

Our Mr. A. Moricle disappeared very suddenly last evening. Some of the belies of this town accompanied him to the depot and wept testra of rejoicing over his deputture. He bought is ticket for Lexicol in the Galistin circuit court for faint own assembly assembly as the county and invites every body to give him a call, as he keeps the best of liquors and cigara, at Lehman's old

A Cuba letter says the sugar crop this year will fall short about twenty-five per cout. It attributes the falling off to a lack of rain, which it says is a very exceptional circumstance. If the real truth were sought for, it would probably, be found that the decline in the crop was caused by the devastating effects of her civil war.

We learn that Geo. Joe Shelby contamplates making this city his future home.

I don't want to humber you by say-ing that I am going to sell you goods at cost, in order to go to Europe, or leave the place. Upon the contrary, I intend to stay in Lexington and make my living annual yelling goods at living rates. But in order to raise a few thousand dollars, I have determined to close out my entire stock of Eichling, Gents' Furnishing Goods, Hats, Caps and Trunks, at New York prices. The sale at these prices will continue from The General is an active, thorough bus-lness man, and will be an acquisition of this date until the lat of April next, and I inestimable worth to our city.
